

## Charity Care Discounts Based on Federal Poverty Guidelines

Individuals with limited financial resources who are unable to qualify for AHCCCS may be eligible to receive healthcare services at YRMC for free or at a reduced cost based on established guidelines. Eligibility guidelines are based upon the Federal Poverty Guidelines and are updated each year in conjunction with the published updates by the Department of Health and Human Services.

Examples:

If there are four people in your family and your yearly household income is \$38,000, you may be eligible for 100% reduction of your hospital bill.

If there are four people in your family and your yearly household income is \$68,000, you may be eligible for a 40% reduction of your hospital bill. In other words, you only pay 60% of the hospital bill.
